

David S. Mann
Vice Mayor/Councilmember

#27

MOTION

I move that the administration organize a Task Force, in collaboration with the Uptown Consortium, the University of Cincinnati, Children's Hospital, the Ohio Department of Transportation and other appropriate parties, including community members, devoted to ensuring that the new I-71/Martin Luther King interchange significantly benefits the residents of Avondale, Walnut Hills and Corryville with employment and economic opportunities in all phases from planning and construction of the interchange to and including all the expected construction and other economic activity attributable to the presence of the interchange. This Task Force should report to council on a regular basis beginning as soon as possible. The primary goal should be the development of strategies to tie employment and other economic opportunities from the interchange to the neighborhoods directly adjacent to the interchange.

Vice Mayor David Mann

Yvette P. Simpson, Esq.
