MOTION

WE MOVE that the Cincinnati City Council direct the City Manager to conduct a city-wide review of all city parking meters with view toward the following:

1. To make certain that all parking meters are handicap accessible.
2. To make certain all city parking meters can be utilized by citizens who are less than five (5) feet tall.

STATEMENT

My office has received a complaint from a citizen who was unable to utilize a parking meter, and risked being fined. All parking meters should be handicap accessible and be able to serve all adult citizens regardless of height
