MOTION

WE MOVE that the Administration provide a report on the feasibility of developing a program whereby qualified city employees could be enrolled, at a discounted rate, in professional and leadership development programs led by organizations the City helps fund. Some examples of this programming include C-Change, Leadership Cincinnati, YWCA Rising Stars, etc. We further move that the Administration actively identify and refer eligible employees to participate in these programs.

Councilmember Yvette Simpson

STATEMENT

The City of Cincinnati partners with several area organizations by funding, in whole or in part, the administration of professional and leadership development programs available to all Cincinnatians. In an effort to continue to develop the City's own employees as a thriving and productive work force, the City has an interest in making sure its employees receive training to achieve this end. Since the City is funding programming to attempt to achieve this goal in the community at large, city employees should be able to access such programs at a discounted rate.
