MOTION

May 11, 2016

We MOVE that the Administration develop appropriate policies to make City Hall and other appropriate city-owned facilities dog-friendly work environments.

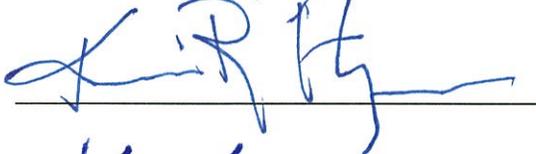

We FURTHER MOVE that the Administration review the evolving workplace policies of modern businesses to ensure that the City continues to offer competitive amenities to the private sector to ensure the City remains a conducive and engaging workplace.

STATEMENT

Studies from the CDC, Virginia Commonwealth University and Central Michigan University have shown that pet-friendly work places improve employees' work-life balance, reduce stress and improve employees' health. Ensuring our work environment is competitive with the benefits and amenities offered at private employers ensures Cincinnati can attract and retain top talent to further benefit the people of Cincinnati with excellent service.
